Summary

Highly motivated Full Stack Web Developer with a background in real estate and business operations with a certificate from the University of Texas, Austin. Project manager and communications director at a company-wide level have made me an effective and empathetic leader. Looking to bring my experience with startups, attention to detail, user first design, and technical skills to a company so I can become a valuable member of the team. A self-starter that works toward building strong, supportive, and responsive teams.

Trained in JavaScript, jQuery, node.js, React, Python, HTML, CSS, SQL, MongoDB, MVC work frame, and excited to expand all knowledge bases and learn new languages and work frames.

Technical Skills

Technical Languages: HTML, CSS, JavaScript, jQuery, node.js, React, Python, SQL, MongoDB, GitHub, Heroku, Insomnia

Projects

Note-Taker | UT Full Stack | github.com/shwnsmith12/note-taker | Sole Author

- Note-taking app using Express.js that allows the user to create, save and retrieve notes
- This project required the use of Express.js, Node.js, creating routers, and launching in Heroku

Movie-Time Excellent | UT Full Stack | github.com/Nevin-Lewis/movie_theater_database | Seeding & Routers

- Movie Theatre centric app, meant to be a storefront for searching movies & leaving reviews
- Team project used the MVC framework. Included Handlebars, Database Creation and Seeding, Creating Router Connectivity. Focus on meaningful git commits, and individual contributions.

Experience

Twelve Rivers Realty

Nov '11 – Sept '12, Mar '14 – June '17, Mar '18 – Present

Personal Asst / Office Manager / Sales Manager / Dir of Business Operations

Austin, TX

- Loyalty and Experience helped me move through the ranks of this Real Estate startup. With each new position different challenges were presented.
- Jack of All Trades – Startups require one to wear many hats. I've been the IT Support, Facilities Manager, Accountant, HR, Trainer, Contract to Close Coordinator and so much more
- My role as the Business Director consisted of creating Excel databases that compiled monthly sales reports for submission to the C-level partners, systems creating for best workflow processes, and data management.

Can provide explanation for all in between work experiences
